

Physical Therapy Now Offered! APEX Neuropathy & Pain Centers

IN-HOUSE PHYSICAL THERAPY FOR YOUR CONVENIENCE!

- ➔ ONE-ON-ONE PERSONAL TREATMENT
- ➔ HIGHLY TRAINED STAFF
- ➔ GOAL SETTING FOR SUCCESS
- ➔ ADVANCED MODALITIES & TECHNIQUES

APEX Neuropathy & Pain Centers' one-on-one physical therapy services help bridge the gap between traditional rehabilitation and optimal performance. Our Doctors of Physical Therapy along with our entire Physical Therapy Team, are specialized in sports and orthopedic injuries and skilled in evaluating the movement system, diagnosing movement dysfunction, and prescribing evidence-informed treatment to address the underlying causes. Our integrated approach collaborates the expertise of our Physical Therapy Team with the insight of APEX's Clinical & Diagnostic Testing Teams to ensure the BEST possible care for our patients.

We help our patients recover from orthopedic rehabilitation, motor vehicle injuries, physical training, sports-related injuries, work-related injuries, radiation/chemotherapy side-effects, vestibular rehabilitation, impaired balance and chronic pain. We help treat neuropathy, back/neck/shoulder pain, ankle/foot injuries, hip pain, concussion therapy & treatment and post-surgical rehabilitation.

Patient is experiencing personalized one-on-one support. APEX's staff is highly trained, educated & dedicated to supporting our patients reach their specific goals for physical therapy needs & recovery from many challenges.
